Founder's welcome

Congratulations and welcome to the Miss Collegiate USA, Miss High School USA, & Miss Jr. High School USA Pageant and the MCU Family.

Because you have considered representing your state or region in the Miss Collegiate USA Pageant, you have the chance to become the next woman to wear the national crown. Contestants are not required to have a platform and are encouraged to continue their studies and/or career.

This pageant was created to help young women pay for college and help pay off student loan debt with career opportunities, cash, and college scholarships.

The young women representing this organization will inspire others to pay it forward and contribute to society in a positive light. It is my hope that each delegate and family member will embrace their experience into our community by gaining financial literacy skills, an increase in professionalism, personal enrichment, and become a part of a true sisterhood.

The new national queens should embody the true values of our organization, by displaying academic success, but also be a true leader and sister to the university we call Miss Collegiate USA (MCU).

Welcome to a new community of powerful young leaders!

We are MCU!
